Technologies	Docker, CSS, HTML, JavaScript, Elasticsearch, Bash, Powershell, Ruby on Rails, AWS, Java, Ruby, Elixir, Confluence, Vue.j...

I like to work with people who…
…love doing what they do and care about others.

Work experience

Senior Software Engineer, Huntress Labs 🏢
Aug 2022 – Present (1y 6m)

Fintech · Cyber Security

Docker   CSS   HTML   JavaScript   Elasticsearch   Bash   Powershell   Ruby on Rails

- Engineered solutions for Microsoft365 project, allowing for monitoring and threat hunting malicious actors at ground zero for social engineering efforts
- Acted as rotational SRE, monitoring for new and existing bugs, triaging and communicating to keep priorities in line with current development
- Trained and mentored junior developers and engineers, teaching skills in Full Stack Rails development and working to improve overall team performance

Senior Software Engineer, Stripe 🏢
Aug 2021 – Aug 2022 (1y)

Fintech

AWS   Docker   JavaScript   Java   Ruby   Elixir   Confluence

- Engineered solutions on Amazon Seller Partner API integration, responsible for providing relevant tax compliance information for TaxJar users
- Produced core discovery work for integration of TaxJar into Stripe systems

Senior Software Engineer, TaxJar 🏢
Mar 2021 – Aug 2021 (5m)

Fintech

AWS   Docker   JavaScript   Ruby   Vue.js   Rails

- Automated internal analysis reporting on tax remediation discrepancy reporting tools, effectively eliminating hours of developer time and putting the action in the hands of support staff to use a dashboard button
- Regular rotation on SRE responsibilities, including monitoring HoneyBadger, Splunk, Sentry, NewRelic

Full Stack Software Engineer, PaymentSpring 🏢   Jul 2019 – Mar 2021 (1y 8m)

Fintech

`AWS`   `Docker`   `JavaScript`   `Ruby on Rails`

- Developed middleware for Account Updater service to AWS SAM state machine, integrations with S3 to keep customers Credentials on File in sync with payment processors
- Improved developer onboarding process and documentation, Agile practices; dedicated to improvement of development process, adherence to Agile principles, architecture design and code conventions
- Regular SRE rotation with client services and production support – resolving issues through triage, delegation, and making sure issues are tracked

Core Software Engineer, Cardflight 🏢   Oct 2016 – Jul 2019 (2y 9m)

Fintech

`JavaScript`   `Python`   `Ruby`   `Lua`   `JIRA`   `Ruby on Rails`

- Engineered integration libraries for multiple payment systems certifications on major payment processors including Vantiv (now Worldpay) 610 host and First Data Omaha
- Developed code testing (Rspec), coverage (simplecov), and analysis (rubocop) practices with engineering team
- Speaker at first 402 Developers meetup

Full stack, Ruby on Rails developer, Bootstrapped 🏢   Jan 2014 – Oct 2016 (2y 9m)

Education · Web Design

`AngularJS`   `HTML`   `JavaScript`   `jQuery`   `Bash`   `Ruby`   `Ruby on Rails`   `Shopify`

- Bootstrapped learning Ruby on Rails and ran with it
- Developed several integrations with SFTP, web application services, databases, payment gateway clients, e-commerce shops
- Developed and maintained Ruby on Rails applications for local professionals/businesses

Education

Montessori Training Center of Minnesota   Aug 2008 – May 2009 (9m)

Specialized Early Childhood Education

- AMI Certification – Assistant to Infancy (early childhood education lead guide training)

Snippets

TaxJar 🔗 **www.taxjar.com**
The greatest culture thrived at TaxJar. A unicorn of culture, I say.

TIL; personal dev logs 🔗 **til.lincolnix.org**
Personal web sandbox; I created this log to capture many things, from software development, to racing, to random musings. Please enjoy!

More about me

I like to work with people who...

...love doing what they do and care about others.

Interests

Early childhood development & education, literate programming, linguistics, automotive sports

I want to work for a company that...

...achieves its goals without sacrificing the health and well being of the people that make it happen.

Languages spoken
